\*Daily Value not established

Other ingredients: Cellulose, Croscarmellose Sodium, Stearic Acid, Silicon Dioxide, Magnesium Stearate, Titanium Dioxide, FD&C Yellow #10, FD&C Yellow #6, Talc.

**RECOMMENDED USE:** As a dietary supplement, take 3 (three) scored MitoTABS™ in the morning 30 minutes prior to your AM meal and another 3 (three) scored MitoTABS™ 6-8 hours later. To avoid sleeplessness, avoid taking Mitotropin™ later than mid to late afternoon. Individuals sensitive to stimulants such as caffeine may choose to take 1 -2 tablets to start in order to assess their tolerance. Do not exceed 6 MitoTABS™ per day and do not use for more than 30 (thirty) days without a 30 (thirty) day break in between.

**NOTICE:** Due to the nature of this product it may take 5-7 days to achieve its full effects which will include increased resting metabolic rate (RMR), exercise metabolic rate (EMR), and thermogenesis (increased body heat). **Do not increase the dosage past 6 (six) MitoTABS™ per 24 (twenty four) hour period under any circumstances. Read thru the entire MITOTROPIN™ diet, training & dosage manual (contained inside) before taking this product.**

**BE SURE TO READ THRU THE ENTIRE "WARNING" SECTION ON THIS BOX AS WELL AS THE ENTIRE MANUAL CONTAINED IN THIS BOX BEFORE USING THIS PRODUCT.**

## M.T. PEAK CONDITION FACTOR™

### Supplement Facts

Serving Size: 2 Blue Capsules

Servings Per Container: 4

	Amount Per Serving	% Daily Value
Peak Condition Factor Complex™ Ammonium Chloride Powder, Dandelion Leaf 4:1 Extract (Taraxacum Officinale), Uva ursi Extract (standardized for 20% arbutin), 8-bromotheophylline.	783mg	*

\*Daily Value not established

Other ingredients: Dicalcium Phosphate, Magnesium Stearate, FD&C Blue #1, Titanium Dioxide, Gelatin.

**RECOMMENDED USE:** As a dietary supplement, PEAK CONDITION FACTOR capsules should only be taken during the final 3 days of the MITOTROPIN 30-day program. Some individuals may elect not to take any PEAK CONDITION FACTOR capsules or only 1 to 3 of the final servings, depending on their experience and level of condition. If you choose to take all 4 (four) servings of Peak Condition Factor capsules, here is the prescribed regimen for doing so:

- On day 28 of the program, take two (2) capsules after your final evening meal, along with 12 fluid ounces of water.
- On day 29 of the program, take two (2) capsules after your first meal of the day along with 12 fluid ounces of water, and take two (2) capsules after your final evening meal of the day along with 12 fluid ounces of water.
- On day 30 of the program, take two (2) capsules after your first meal, along with 12 fluid ounces of water.

DO NOT EXCEED 4 CAPSULES PER DAY AND DO NOT TAKE PEAK CONDITION FACTOR CAPSULES FOR MORE THAN 3 DAYS IN A ROW WITHOUT A 2 TO 4 WEEK BREAK.

**BE SURE TO READ THRU THE ENTIRE "WARNING" SECTION ON THIS BOX AS WELL AS THE ENTIRE MANUAL CONTAINED IN THIS BOX BEFORE USING THIS PRODUCT.**
